Next Class

- Bring your laptop!!!
- There are three tasks to be completed before the next class meeting. In the future, you should check the course web site and email.
- Send a personal hello message to our google group before the next class meeting.
  - Always include meaningful subject
  - Always include your name. Not your handle (example: lilshorty).
- Read COD Chapter 1.
  - Mostly general knowledge found in CISS170/176.
  - Quiz 1 on Chap 1 at beginning of next class.
- Go over the *SPIM tutorial* and install the QtSpim/PCSpim software. Google.

Assignment 1

- Some simple C programming
- Why?
  - I will use C as a bridge to assembly language.
  - We will use C/C++ to illustrate compilation of a program written in a high level language to machine code
- Some concepts might be new but anyone with basic programming experience will be able to complete the assignment.
